 Click OK. The Favorites window will display with the message 'Connection Successful' as shown below.
 Note: You can only have one Favorite at a time. If there are any existing favorites, you must remove them before you can add a new Favorite.

12. Go to the Wireless Manager in the Settings and verify that Bluetooth is turned on in the Mobile device as shown below:

- 13. Verify that the Bluetooth printer is turned on.
- 14. In the Mobile device, connect to your newly configured Favorite.
- 15. When the device successfully connects to the printer, a green arrow will appear over the favorite (as shown at the bottom of the screen below). This indicates that the printer is successfully connected to the Bluetooth device.
